MAR 05 Take a Delicious Seat

Yes, it looks delicious (and gigantic), but you can't eat it. However, if you're looking to take your love of cupcakes to a new level, this might just be the piece of furniture for you.

I think they're completely adorable, but a little on the pricey side. For \$900 you can become the owner of your own gigantic [cupcake seat](#) from [Jellio](#) in a variety of colours -- pink, lime green and baby blue, to name a few.

You can also find a few other food-inspired items from the makers of the cupcake seat, including [gummi lights](#), a [candy table](#), and to complement that cupcake seat, a [cupcake table](#). My favourite are the gummi lights, a little more reasonably-priced at \$125.
